FROM THE PRESIDENT'S DESK

It is a matter of great pride for me to address the students Education is an endless journey

Through the ocean of knowledge and enlightenment, this journey, when effective, should take on to the new vistas of humanism where hatred, jealousy, violence, discrimination, enmity and selfishness are treated as dreadful vices. This college tries to transform the students into noble souls and wholesome being. They have to be asset to society.

In the world of complexities, setting direction for one's own self is extremely difficult. We need to prepare ourselves to face challenges and learn to adjust with the situation. The nature of learning itself is changing. We want to see the students engaged whole heartedly in pursuit of knowledge. It is natural and healthy for all of us to learn. We learn throughout our life. Learning can take place through multiplicity of experiences and exposures. We need to participate in a learning community and need to find favourable atmosphere for it.

Again, I am extremely thankful to the efficient and dedicated faculty members whose share our burden.
